B. & S.

THE SARSAPA POUND of this co pany is almost lite-rally a sulphate of Sarsaparilla. So highly concentrated is it that the dose is

rysmull teaspoonful, while the dose of it contains a powerful concentration of Mandrake, Queen's Delight, Elder, Yel-low Dock, Guiacum and other important medicaments which are not found in any

other preparation.

The Queen's Delight, which forms an essential ingredient in the Græfenberg Satsaparilla Compound, is probably superior to Sarsaparilla itself. Professor Frost, of Charleston, S. C., speaks of it as fullows, in the Southern Journal of Medicine and Pharmacy: "Few vegetable productions exhibit more power upon the system generally. So powerfully is its action exerted upon the capillary and secreting ves sels, in changing their morbid state or con-ditions and disposing them to a new and healthy action, that it is greatly to be preferred," &c., &c. He further adds "that It is in chronic diseases and chronic inflammation, and also in the long train of consequences that follows syphilis, that its officacy is best exhibited."

The superiority of the Greefenberg Sar-saparilla Compound may be stated thus : 1. It is compounded of a number of the most efficacious vegetables in the whole range of the materia medica in addition to Sarsaparilla.

2. These are so highly concentrated that there are so many more doses in the bottle than in any of the very largest bottles ever advertised.

3. This concentration renders it to Sarsaparilla what quinine is to Peruvian bark. The more diluted preparations are no better than ordinary root-beer, souring on the stomach and spoiling in the bottla. To use a weak intusion of Sarsaperilla when a sulphate of the article may be had is like taking back instead of quinine, or like travelling in a seew against a strong cur-

rent instead of in a swift steamer.

These things being so, let all who have made up their minds to use any Sarsaparilla, use that of the Grafenberg Compa ny. It is warranted to be ten times more efficacious than any other known; no matter how large the bottle or extravngant the advertisement. As SPRING MEDICINES, the Græfenberg Vegetable Pills, the Græfenberg Health Bitters, and the Græfenbeig Sarsaparilla Compound should supersede all others. For universal use the Pills and Bitters are of incal-culable value. Those who take them need not fear the enervating effects of

Dr. E. EASTERLY'S Medicated Strengthening Plaster

THIS plaster has been prepared under the immediate eye and superintendence of an old physician, who is a graduate of the University of Pennsylvania, and has had extensive practice for more than 30 years in treating the various diseases incident to this country. He confidently recommends this Plaster, from a that which is sold in large bottles nearly a thorough knowledge of its virtues, to be superior to every Plaster now in use. By keeping up a gentle perspiration, it is admirably adapted for Pains or Weakness in the Breast, Side, Back or Limbs; also, for the Gout, Rheumatism, Enlargement of the Spleen, Liver Complaint and Dyspepsia, and for Coughs, Colds, Asthma, Difficulty of Breathing, Oppression of the Stomach, &c. To all persons predisposed to Consumption, or who are subject to violent coughs and colds, they are particularly recommended-as they give almost immediate relief, and for pleasantness, safety, case and certainty, they are decidedly superior to most other remedies.

Persons afflicted with any of the above liseases will find Dr. Easterly's Medicuted Strengthening Plaster much superior to any other ever before offered to the publie. Physicians, druggists and dealers in Medicines, will find it to their interest to keep a supply of these valuable Plasters on hand to accommodate their patrons.

For sale, wholesale and retail, at the Medical Depot of Dr. E. Easterly, southeast corner of 3d and Chesnut streets, St. Louis, Mo., and by agents throughout the Western States. [apl25
